UPSKILLING FOR MORE CREATIVE CIRCULAR ECONOMY

Current Project Status

MANUAL FOR TRAINER - FINAL ADJUSTMENTS

Our last goal, the development of a manual for trainers that contains information, methodologies, suggestions of exercises and resources is almost finalized! We are now finishing the collection of feedback from different individuals and stakeholders to make it as interesting and relevant as possible.

Soon enough, all of the received feedback will be incorporated into our manual.

But worry not! You can already check the first draft online on our partner's websites!

WE ARE ALMOST READY TO FINALIZE OUR PROJECT. DO YOU WANT TO SEE WHAT WE HAVE ACHIEVED SO FAR?

We are happy to share that, at this moment, we are finalizing our last adjustments to our U-Eco Manual. But its first draft, along with all of our previous results, are already available at our official websites, in English and in each partner language.

In addition to the manual, these include training modules with ready-to-be-used information about the Circular Economy; a selection of job profiles that are likely to be more demanded; a selection of case studies to inspire entrepreneurs and interested people to take the next step to bring circular practices to their business; and much more interesting information that has been collected throughout our project.

And we have more to add - they are all **available for free!**

Don't miss out on this invitation for you to check them out and let us know what you think about them!

Briefly about the project:

U-ECO FOCUSES ON THE PROCESS OF TRANSITION TOWARDS A CIRCULAR ECONOMY, ADDRESSING THE NEED FOR SPECIFIC CIRCULAR ECONOMY TRAINING THAT IS ABLE TO BOOST EMPLOYABILITY AND SELF-EMPLOYMENT AND MEET NEW LABOR MARKET DEMANDS.

What's next?

9-10 SEPTEMBER 2021

FINAL TRANSNATIONAL PARTNER MEETING

The consortium is getting ready for the final transnational partner meeting of the U-Eco which will be held in Brussels, Belgium.

The consortium is thrilled to be able to finalize this project in person and to have the chance to reflect on its achievements.

The final meeting will also occur along with an event for the public to get to know more about our project. If you want more information, please contact our partners in Belgium from EURADA.

9 SEPTEMBER 2021

U-ECO EVENT IN BRUSSELS

Along with our final meeting in Brussels, an incredible event is being organized by our EURADA partners. It will count with the participation of interesting speakers, talking about:

- EU consultations on education for sustainability to inform policymaking
- Circular design through use of paper in design education
- Business training to help circular agrofood companies grow
